To Judicial Inquiry and Review Commission,

My only source of income is my SSI disability monthly disbursements. I am on a limited income. I cannot afford to mail over 700-800 or more pages of evidence to you. I tried to have Roberta Hill send to you through VACES but the Clerk informed her that it is not to submit a complaint and evidence to your commission, but was only for your commission to submit a complaint to the Supreme Court of Virginia.

So I will mail my complaint and supporting evidence to you, but I cannot afford to send over 700-800 or more pages of evidence on paper. Sending that many papers will be pounds of mailing, I would have to send you a very large box full of papers and dividers or bookmarks, it would take weeks to months to prepare everything, and I couldn't afford it anyways, I am too poor to mail almost 1,000 pages of evidence to you in some huge box probably costing me hundreds to mail to you, and your Commission would be annoyed of reviewing over 700-800 or more of physical papers/pages of evidence.

So I am mailing you a CD-ROM Disc with the following pieces of evidence. I will point to the most important files to prove to you my claims against Judge Giles Carter Greer. My complaint with the evidence included proves that this Judge needs to be inquired, there needs to be some kind of action, whatever action your commission is authorized to take. This judge is refusing to enforce his own court orders. This judge is refusing to do his duty, he is refusing to give due process of any kind, he ignores evidence, and he is allowing contempt of court multiple times from one party in the case.

He is not doing his job but only denying every single motion no matter what evidence is filed, no matter how many Declarations or affidavits are filed. No matter how many witnesses or evidence or law or case law authorities. No matter what I say, the judge ignores and denies.

It is clear that this judge is not doing his job, and he is depriving every single criminal defendant of due process of law.

I beg of you not to make me file over 700-800 physical papers/pages of evidence only on paper, I cannot afford it. I can mail you evidence that I am on SSI disability from the Social Security Administration and I am already given In Forma Pauperis status in every court I ever was a party in, even the U.S. Supreme Court. I am In Forma Pauperis so please respect that, please respect that my evidence has to be on a CD-ROM Disc.

Here is the proof from my case and evidence I am presenting:

1. [Letter to VA Delegate Leslie Adams - February 23, 2023.pdf](#) – The most important piece of evidence and the other letter is basically the same thing but says Senate and Senator instead of Delegate. This letter explains how Judge Greer and Glen Andrew Hall are violating laws, and how Judge Greer is refusing to enforce his court orders and refusing to push for a capias against Glen Andrew Hall for willful violation of multiple court orders, a repeated pattern of willful non-compliance, and this judge does absolutely nothing about it. Never before in a credible court of law has a judge decided that discovery evidence doesn't matter, that one party can completely refuse to comply with court orders simply because of being a Commonwealth Attorney or District Attorney or whatever. Similar letter as [Letter to VA Senator William Stanley - February 23, 2023.pdf](#). One of those two letters explain how the judge is not doing his duty and is acting biased and showing favoritism towards the Commonwealth Attorney by allowing a contemnor Glen Andrew Hall to violate any court orders he wishes.

The folder: “[Attachments files for VA Senator and Delegate](#)” contains seven pdf files of what was emailed by my mother Roberta Hill to the Senator and Delegate, on my behalf over the internet due to me not being

allowed to use the internet.

summary-brief-complaint.pdf is the same as what I did print for you to read.

Evidence against Judge Giles Carter Greer.pdf file contains 644 pages of evidence along with the complaint. The evidence pages are separated by bookmarks in the digital file. So you can check the bookmarks of this PDF file to see each piece of supporting evidence or even use a PDF splitting tool to split the file based on the bookmarks to make it easier for you to review. It would be difficult for you to review over 600, or even 700 physical pages. I would think you would like it better for evidence to be on a CD-ROM disc. If you want me to save up my monthly SSI money slowly to mail you a box with almost 1,000 pages, it will take me a while to start that up, buying hundreds of dollars of ink; and box and paper; and bookmarks at a Dollar Tree to send all of that to you which sounds crazy or loony, if you wanted me to do so. I hope I will not have to, evidence is evidence, it is important.

Then there is also the file: EVIDENCEStatusLetter-Judge2-14-2023.pdf. This proves that Judge Greer didn't seem interested in this very pleading status letter, he denied my motion on the same day he received this letter. He didn't care that I proved unlawful evidence destruction and violation of his court order or court orders. It seems to me like there needs to be any lawful action taken to make sure that this judge is doing his job, doing his duty, and doing what law requires him to do. Please investigate and take action. Thank You for your time and attention to this matter.
